Following the instructions from the Ministries of Health and Education, the Cyprus Sports Authority [announced](#) the closure of all its sports venues and suspended the operation of all private gyms until Friday, April 10, 2020. The announcement followed the speech of the President Nikos Anastasiadis on 13/3/2020 where more drastic measures were announced.

Accordingly, the Nicosia Squash Association suspends all its activities, and court booking until Friday 10 April 2020.

The NSA will monitor the development of the situation and inform all its members accordingly. In addition, we contribute to this unprecedented situation, by urging all its members to restrict their movement and abide by the rules of personal hygiene as indicated by the Ministry of Health.
